

SANDOWN SOLUTIONS in conjunction with SUPERCONNECTION:

Following on from her first dynamic workshop, Susan Fairley has created an amazing follow-on to E-CAT, called Ascension Pathway.

About the two days:

E-CAT (ELOHIM-BASED COMPUTERISED ASSESSMENT AND TREATMENT)

The Elohim are the Masters of Form, the builders of substance from energy on behalf of Prime Creator. They are an integral part of the creation team.

E-CAT is a complex ethereal subject will be presented in a simple, structured way and will look at the actual mechanisms that exist to re- enable self-healing.

1. The Architecture of Creation.
2. How to reconnect and tap into our birthright healing mechanisms.
3. Insights into Elohim specialties.
4. Guided demonstration of the technique and practice time.
5. E-CAT PLUS.

ASCENSION PATHWAY

The Ascension Pathway offers a unique opportunity to be guided through the momentous process of one of the most turbulent and confusing epochs of your soul journey. Step by step, you will be gently taken through the Pre-Ascension Stages, the Ascension Portal and the Post-Ascension Integration Process.

As independent working is only possible post-ascension, the basic task of the Ascension Pathway's precursor, E-CAT, (Elohim-based Computerized Assessment and Treatment) is to demonstrate how to connect with the master engineers of creation, the Elohim, to access the energies that keep us healthy and evolving.

Following 2012-2013, the restrictions of the previous 104,000-year cosmic cycle came to an end and our solar system reconnected with the rest of the galaxy. Huge and beneficial corrections and upgrades are now taking place, including the ability for souls to once again achieve Ascension - a deeply cleansing, and sometimes tiring, process of re-calibration.

The Ascension Pathway will discuss in detail the mechanics of moving on from working with the Elohim - when the time is right - to working independently and efficiently in order to control your own health and further your spiritual advancement. Full explanations, guidance, charts and reactivation protocols will be provided.

E-CAT / ASCENSION PATHWAY

Dates: **E-CAT** Saturday 23rd March 2019
ASCENSION PATHWAY Sunday 24th March 2019

Venue: Oakhurst, Scragged Oak Road, Detling, Kent, ME14 3HJ
